Higher Education Center

for Alcohol and Drug Misuse Prevention and Recovery

ScreenU® Package: Web-based tool that administers SBIRT (screening, brief intervention, referral to treatment) to an unlimited number of students for alcohol, prescription drugs and marijuana.

ScreenU Technical Assistance: Targeted online and telephone support that will help your organization get ScreenU up and running.

Recovery Ally Training: A training module developed at HECAOD that prepares participants with the knowledge, skills and tools to act as recovery allies for individuals in or seeking recovery from drug and alcohol addiction on a college campus.

Learning Collaboratives: Learning collaboratives provide prevention, intervention, and recovery focused education and training. Current collaboratives are offered live and all are recorded and archived on the member portal.

Discounted National Meeting Registration: Attend our annual conference at a discounted price.

Single topic webinars: Webinars focused on wider-range, current issues that are presented live and then recorded and archived on the member portal.

UReport: A weekly, online report that has the latest updates on trends and best practices, delivered to your inbox.
